Letters of the month: U,V,W

Monthly religion lesson: The New Life of Easter

Did you know that your children have been working so hard, that they have learned all 12 tasks in Workshop? I have seen them build their confidence when working through the tasks. Being confident encourages them to continue to try new things, participate in discussions and take a risk. Knowing it's ok to make mistakes, that's how we learn, empowers them and sets them up for success now and in the future.
